EDUCATION

University of Central Florida, Orlando, FL **Graduation May 2025**

Bachelor of Arts in Digital Media – Web and Social Platforms

Eastern Florida State College, Cocoa, FL **Graduation May 2021**

Associate of Arts

EXPERIENCE

Think Integrated, Hybrid, Orlando, FL **January 2025-April 2025**

Web Development Intern

- Designed and developed a landing page in WordPress for a career workshop campaign
- Ensured the responsiveness and accessibility of the workshop landing page
- Built web pages and blog posts for client sites using WordPress and the appropriate WordPress theme
- Created documents for my supervisor and gathered web materials for clients and their websites

LOGRAR Project (formerly TeenXperience), Remote **June 2024-July 2024**

Web Development Intern

- Designed creative wireframes and layouts following user experience principles
- Collaborated with leadership and other interns to brainstorm and research product goals
- Wrote markup for various pages of a planned job-finding website and utilized GitHub to share files with the team

Winn-Dixie, West Melbourne, FL **September 2021-May 2022**

Cashier

- Assisted customers in a courteous and friendly manner during checkout and throughout the store
- Trained new cashiers and assisted them with any questions and problems they had about procedures
- Scanned customer items quickly, bagged them in an efficient manner, and ensured a smooth checkout process

ACADEMIC & INTERNSHIP PROJECTS

- **Internship: *Made by Me*** landing page- Designed wireframes, coded sections with PHP, and built out in WordPress
- **User-Centered Design: *Rescue-Trac***- A semester-long group project culminating in a high-fidelity prototype for a pet-finder app. I created use case storyboards in the early stages of the project and was the main designer of the app
- **Web Design Workshop: *SpotOn***- A year-long group project involving the design and development of a mobile event-finder app for a senior capstone project. My main contributions included a site map, information architecture, and the development of a calendar interface
