CAREER OBJECTIVE

A motivated and creative individual looking to excel as a UI/UX designer. Offering experience in various backgrounds and skills such as visual design, product research, and front-end web development. Eager to contribute a strong work ethic and a willingness to learn and grow.

EDUCATION

University of Central Florida, Orlando, FL   **Graduation May 2025**
Bachelor of Arts in Digital Media – Web and Social Platforms

Eastern Florida State College, Cocoa, FL   **Graduation May 2021**
Associate of Arts

EXPERIENCE

Spirit Halloween, Onsite, Orlando, FL   **August 2025-present**
Sales Associate
- Merchandising a variety of products into appealing displays, as well as promoting the upkeep of the sales floor
- Processing customer transactions smoothly while performing suggestive selling
- Unloading deliveries and transporting boxes to storage areas in an orderly fashion

Think Integrated, Hybrid, Orlando, FL   **January 2025-April 2025**
Web Development Intern
- Designed and developed a landing page in WordPress for a career workshop marketing campaign
- Ensured the quality, responsiveness, and accessibility of the workshop landing page
- Built web pages and blog posts for client sites using WordPress and the appropriate WordPress theme
- Created documents for my supervisor and gathered web materials for client websites

Career Break   **August 2024-December 2024**
- While searching for new employment, I spent this time continuing my degree and developing relevant skills

LOGRAR Project (formerly TeenXperience), Remote   **June 2024-July 2024**
Web Development Intern
- Designed creative wireframes and intuitive layouts following best practices in UI/UX design
- Collaborated with leadership and other interns to research and analyze product goals
- Wrote markup for various pages of a planned job-finding website and utilized GitHub to share files with the team

ACADEMIC & INTERNSHIP PROJECTS

User-Centered Design course: *Rescue-Trac-* A semester-long group project culminating in an interactive, high-fidelity prototype for a pet-finder app. Created use case storyboards, collected user feedback, and designed the app's interface, ensuring both aesthetics and usability

Internship: *Made by Me* workshop landing page- Designed wireframes and mockups, coded sections with PHP, and built out in WordPress. Ensured optimization for performance across devices. Collaborated with a cross-functional team of interns on the workshop marketing campaign as a whole

SKILLS

Design Tools: Figma/Figjam, Miro, Balsamiq, Canva
Design Concepts: UX/UI Design, Web Design, Wireframing, Prototyping, Design Principles, Graphic Design
Development Tools: WordPress, HTML5, CSS3, Bootstrap
Other: Microsoft Office Suite, Lucidchart, SurveyMonkey, Airtable

ACTIVITIES

Design and Code Club   **January 2024-December 2024**
